

NEWSLETTER 2019-2020

Dear Members

I hope you all had a great summer and enjoyed the BSPD National Conference in Birmingham.

Following the success of last years study day in March the SE branch meetings will revert to a more traditional format. **We are slightly nomadic this year, please note carefully the different venues for the meetings.**

The programme begins with **Ms Helen Tatham** on **Tuesday 12th November 2019**. Helen received a grant from the SE branch of BSPD to assist in her travel to the Peruvian Amazon to provide dental care to remote aboriginal communities. She will talk about her experiences which I am sure will be fascinating. I will also highlight how individuals can obtain financial support for prospective ventures of similar philanthropic purposes through BSPD. ***This meeting will be held at British Orthodontic Society headquarters, 12 Bridewell place, EC4V 6AP, from 1800hrs.***

Our **study half day** on **Friday 24th January 2020 AM** focusses on Multidisciplinary management of traumatic dental injuries. We have an exciting list of guest speakers, all experts in their own field of dentistry lined up to speak to us, for what promises to be a highly educational session. This course will be limited to a maximum of 70 attendees so hold the date now. Details on how to book will be released later in the year. ***This meeting will be held at Franklin-Wilkins Building, KCL Waterloo Campus, Stamford Street, SE1 9NH.***

All remaining evening meetings will be held at ***Weston House, Great Ormond Street from 1800hrs.***

Mr Mike Harrison, Consultant in Paediatric Dentistry at Guy's and St Thomas' NHS Foundation Trust will be our guest speaker on **25th February 2020**. Mike has an interest in genetics and the role they play in dental anomalies. His chosen topic is **Vitamin D, rickets and enamel hypoplasia**. I expect this will be a very informative presentation with new ideas being presented.

In a return to the traditional format, as a branch we are very lucky to be receiving the BSPD National President, Dr Sarah McKaig, on **Wednesday 11th March 2020**. Sarah is a Consultant at Birmingham Dental Hospital. She will be delivering her presidential address to us on this evening.

The final meeting of the year, **Tuesday 12th May 2020**, will as usual combine the junior member's papers with the AGM when Ghaida Al-Jaddir will take over the chair of the branch. Please also encourage your junior staff to consider submitting any audits, interesting clinical cases or research that they may be working on for the members' papers evening in May 2020. This year, following on from last years success, we are going to continue to run two prize categories – one for DCT/Clinical Fellow/Undergraduate level and one for StR (pre-CCST) level.

Tea, coffee and wine will be served before each meeting so please come along and have a drink and a chat before we start the evening's business. New members are always welcome so please encourage your colleagues to join us.

David Baldwin

**Chair BSPD South East Branch
October 2019**

Notes from the Hon. Secretary:

I would like to thank our outgoing chair Dr Janet Davies for a wonderful year!

The meetings will continue to be held at Great Ormond Street Hospital with a few exceptions as stated. We are looking forward to organizing our traditional study morning in January when we will be covering various aspects of paediatric dental trauma. I very much look forward to working with David, our new chair!

Please do not hesitate to contact me should you have any queries regarding our branch or programme for this year.

**Monika
